NON-TECHNICAL SKILLS

- Teamwork, Critical Thinking, Leadership, Management, Time management Organizational Skills.

ACHIEVEMENTS

Core Member –(Ceed) Chitkara University

CERTIFICATIONS

Hackathons: HackIndia-2024, 2025
Hack-o-octo-2025
PitchMasters: pitched a startup Idea.
Workshop – IPR & patent Filling

PROFESSIONAL OVERVIEW

I have a strong foundation in frontend development, proficient in HTML, CSS, JavaScript, and React.js, with working knowledge of C++, C, Python. I enjoy building responsive, user-centric web applications with clean UI, optimized performance, and modern design principles.

PROJECTS

❖ Quick Bytes

- Built a responsive web app enabling users to buy/sell homemade food with integrated delivery tracking.
 - Designed and developed login/signup, user dashboards, food listings, cart, and checkout using React.js.
 - Integrated Google Maps API for real-time location-based services.
 - Added and AI-powered chatbot for personalized meal recommendation
- **Technologies:** React.js, JavaScript, HTML, CSS, Tailwind CSS, Google Maps API, OpenAI API Git

❖ Weather Forecasting Website

- Developed a responsive Weather Forecasting Web App using HTML, CSS, and JavaScript.
 - Integrated OpenWeatherMap API to display real-time weather data and 7-day forecasts.
 - Implemented features like location-based search, temperature, humidity, and wind details.
 - Designed a clean UI with dynamic updates and error handling for invalid inputs.
- **Technologies:** HTML, CSS, JavaScript.

❖ EasyHire

- Developed EasyHire, a platform connecting users with local service providers (maids, drivers, cooks, etc.).
 - Built dual login/registration, profile setup, and search/filter by service type & location.
 - Integrated Google Maps API for accurate location-based job/service matching.
 - Implemented a secure payment gateway to enable online bookings and transactions.
 - Designed modern UI components with React.js and Tailwind CSS, ensuring a seamless user experience.
- **Technologies:** React.js, JavaScript, HTML, CSS, Tailwind CSS, Google Maps API, Git, Payment Gateway
